

COMMERCIAL FENCE SOLUTIONS

2025 PRODUCT CATALOG

ONE BRAND UNLIMITED POSSIBILITIES

Catalyst™ Fence Solutions has combined the leading fencing solutions in the U.S. to deliver a single source for commercial-grade fences. Whether you're specifying aluminum, vinyl or composite fences for your next project, no other brand can match the scale, quality and performance of Catalyst.

Innovation

- Since 2016, the Catalyst product design team and engineers have introduced 4,100 new products and 51 new patents
- At each plant, our in-house engineering and design teams create plant and product specific machines and robots to increase our productivity and capacity

Size & Scope

- Catalyst is 2.5X larger than the next largest vinyl extruder and 3X larger than the next largest player in aluminum fence
- Over 2 million square feet of strategically located manufacturing facilities able to service coast to coast

Sustainability

- Solar Initiatives—600,000 feet of Solar Array at our Brooksville and Galloway Factories
- Each year, we recycle 38.4 million pounds of PVC, 20 million pounds of wood and 10.5 million pounds of paper and other materials

Quality & Warranty

- Lifetime warranties on the core of our vast product offerings
- Extensive engineering and testing capabilities
- State-of-the art powder coating exceeds industry standards

PRODUCT LINES TO COMPLETE YOUR PROJECT

Partnering with Oldcastle® APG gives you access to the most complete portfolio of outdoor living products in the nation. With solutions from masonry to pool finishes and everything in between, Oldcastle® APG allows you to source more products from a single provider, streamlining specification, ordering and invoicing to help your projects run more smoothly.

With a complete portfolio of building products, dedicated regional support and extensive sales and marketing support, no one delivers end-to-end solutions quite like Oldcastle APG.

MOLDED

MOLDED PRIVACY

SIMTEK™ TECHNOLOGY

Transform and protect commercial areas with heavy, virtually rock-solid polyethylene panels engineered to absorb noise and resist impact. At 8' and 12' heights, the stackable units and earth tone colors blend in with urban, suburban and rural settings.

Shown in Gray Granite

MOLDED PRIVACY

BOULDER & BRECKENRIDGE

WITH SIMTEK® TECHNOLOGY

Define property lines with realistic stone and rustic wood patterned polyethylene panels engineered to absorb noise, withstand heavy wind and resist impact. The stackable units in naturalistic textures, measure up to 12 feet tall, and harmonize perfectly with surrounding environments.

FEATURES & BENEFITS

- Molded from real wood and stone
- Reinforced with rigid galvanized steel
- Graffiti resistant — easily removed with high-pressure washer
- Boulder has an STC rating of 26; Breckenridge's STC is 23
- Approved by Miami-Dade County for use in high wind and hurricane conditions (NOA #22-0616.10)
- Class C flame spread rating

ALUMINUM

VERTICAL PRIVACY

Aluminum is the material of choice for commercial-grade fences. Whether your project demands security, privacy, or a bit of both, Catalyst's aluminum fence solutions deliver the performance you need to specify with confidence.

VERTICAL PRIVACY

HIGHLANDS

With privacy and security in mind, Highlands provides two modern styles that are virtually maintenance free and defy weathering. Highlands fence panels provide a modern look that combines clean lines with rustic detailing, with multiple height options to enhance any commercial environment.

FEATURES & BENEFITS

- 100% pure aluminum with non-rusting stainless-steel fasteners
- Pre-assembled panels with post options of 4' x 4' and 6' x 6'
- State-of-the art powder coating process meets and exceeds AAMA 2604 specifications
- Powder coat finish is highly resistant to abrasion, scratches and impact. Surpasses 10,000-hour salt spray test
- Class A flame spread rating

ALUMINUM

ALUMINUM FENCES

Catalyst™ aluminum fences combine the distinctive aesthetics of traditional metal fencing with modern features, exceptional quality and long-lasting rustproof finishes for the perfect balance of style, security and strength.

PICKET TOP

SECURITY

Designed for strength and security, Catalyst commercial grade aluminum picket fences have imposing style that acts as a visual deterrent to potential trespassers. Our Security fence features the ultimate no-climb picket with an outwardly curved spear top design.

FEATURES & BENEFITS

- Security with non-rusting stainless-steel fasteners
- State-of-the art powder coating process meets and exceeds AAMA 2604 specifications
- Extra strong 1½" rails combined with 1" heavy-duty picket
- Panels available in 6' and 8' widths
- Matching swing or cantilever gates for almost any size opening
- Four picket spacing options

GRAY

The image features a modern, multi-story building with balconies and large windows. In the foreground, a grey vinyl fence with a gate is visible, set against a backdrop of green grass and some landscaping. The fence is made of horizontal slats and has a solid post-and-rail design. The gate is also made of the same material and has a latch. The building in the background has a mix of dark and light colors, with balconies that have black railings. The overall scene is bright and sunny, suggesting a clear day.

VINYL

SOLID PRIVACY

Carry your design intent all the way to the property line with the industry's highest-performing vinyl fence solutions. For ultimate durability, design flexibility and performance, there's no substitute for Catalyst's vinyl fence portfolio.

VERTICAL PRIVACY NEWBURY

Our gap-free vinyl profile is engineered to withstand high wind loads, extreme UV exposure and high impact from hail, rocks and other encroachments. At up to 8' high, it's one of the tallest, most secure vinyl fences we offer.

FEATURES & BENEFITS

- Premium textured finishes in TimberGrain™
- Virtually zero maintenance — no need to stain or paint
- Engineered to decrease bending and sagging over time
- STC rating of 21 reduces outside noise transmission
